

INTRODUCTION TO NATURE JOURNALING FOR CALLIGRAPHERS

A ONE DAY WORKSHOP
Presented by Nib 'N' Inks

People who keep nature journals often wish to add calligraphy or lettered accents to their pages. What better way to enhance sketches and handwriting?

We who already have a little or a lot of calligraphy skill are fortunate! In this workshop we will touch on the basics of nature journaling: quick sketching, page design (with spontaneity) incorporating calligraphy, and simple but basic use of color theory for small pages.

We will draw inspiration from the arrival of spring in the neighborhood near the classroom. The pace will be quick, as we will have a lot to cover. Drawing experience is helpful but not required. All levels of experience are welcome.
