Education

Master of Associated Medical Sciences, University of Illinois at Chicago, Chicago, IL, 1988.

Bachelor of Arts degree in Biology, Reed College, Portland, OR, 1984.

Professional Experience

- 1994-2025 Graphic Designer & Calligrapher, Custom Engraving for Events, Teacher
Worked for clients on a freelance basis. Commissions, certificates, specialty laser engraving for tribute bricks, invitations. Art classes in person and on Zoom
- 2004-2019 Healing Arts Instructor, Cancer Lifeline, Seattle, WA
Facilitator at Cancer Lifeline locations in Greenlake (Dorothy O'Brien Center), Valley Medical Center, and Evergreen Hospital teaching a variety of art classes including Artist Trading Cards (ATCs), Beaded Bracelets, Handmade Cards, Origami, and Nifty Knitting. Classes are geared to help cancer survivors, family members and friends cope with cancer through art therapy.
- 1985-2003 Anaplastologist, Medical Artist/ Maxillofacial Prosthetist
Prosthetic design and fabrication for realistic facial and somato (body) prostheses. Billing and administration duties as well as patient follow up care. I created realistic prosthetics for people with missing or malformations due to disease, traumatic injury, or congenital deficits; this included patient consultation, impression taking, mold making and sculpting. Past work included implants, tissue expanders, patient/surgical photography and instructional illustrations for AV media.
